EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Brown on September 8, 2005.

The application has been amended as follows:

In claim 1, line 10, after the word "said", the word ~~male~~ has been inserted.

In claim 1, line 14 and in claim 2, lines 3 and 4, the word "device" has been changed to ~~strap~~.

In claim 19, line 1, the number "17" has been changed to ~~18~~.

On page 13 of the specification, lines 7, 9, 10, and 12, the reference number "543" has been changed to ~~443~~.

On page 15 of the specification, line 3, the reference number "620" has been deleted.

2. The following is an examiner's statement of reasons for allowance:

The instant invention, as set forth in the lone independent claim 1, is directed to a carrying strap with foldable handles wherein each handle portion is U-shaped and

extends opposite to the other handle portion from the lateral sides of the strap until folded together. The strap contains at least one male coupling portion and a cooperating female coupling portion. The closest prior art, Hoffman (U.S. Pat. No. 4,501,354) and German Patent No. 7613358, show straps having cooperating male and female coupling portions and a handle portion, but neither of these patents shows the two U-shaped foldable handles extending from lateral sides of the strap as is called for in independent claim 1 of the instant application.

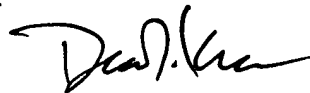

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
